Drinking Water and Groundwater Protection Division

Monthly Operations Report for Groundwater Systems and Systems Purchasing Water

For the Month of January 20 21 WSID# 5096 Name of Water System Jericho Underhill Water District
Town/City Underhill Operator Name Kirk Patch Phone: 802-371-9000

Please provide the following information:

1. Is a master meter which measures total water production of the system installed and functioning? YES NO

2. Meter reading on last day of reporting month: 36,370,500 Gallons

3. Meter reading on last day of previous month: 35,106,300 Gallons

4. Difference in readings: 1,264,200 Gallons

5. Have the results of all water quality compliance analyses performed during this month been submitted to the Water Supply Division? YES NO Not Sure

(If NO, please submit a copy of all results with this monthly report.)

6. If you disinfect, fluoridate or otherwise treat your water on any day of the month, or if your operating permit requires that you report daily values of flow (or other) you must also complete the reverse side of this form.

7. For systems with population greater than 3,300, continuous monitoring for free chlorine residuals is required:

Did continuous monitoring equipment fail at any time this month? YES NO

If yes, were grab samples collected every 4 hours until continuous monitoring equipment was returned to service? YES NO

Date & Time equipment failed

Date & Time it was returned to service

I certify, as the owner or authorized representative* of this water system, that I have completed this form, or reviewed it if completed by another, and that I have taken the necessary steps to ensure that the information shown is correct. In making this certification, I understand that civil and or criminal penalties may be imposed for submitting false information.

Please Type or Print Name

*Owner means the person who owns or has an ownership interest in a Public or Non-public water system. An Owner may designate an Authorized Representative that has the authority to act on the owner's behalf in all matters regarding the Public or Non-public water system, and is designated to be the contact person in place of the owner for all communications from the Secretary regarding the water system. A form designating an authorized representative and signed by the Owner must be on file with the Drinking Water and Groundwater Protection Division.

Groundwater Systems and Systems Purchasing Water

For the Month of January 2021 WSID 5096 Name of Water System Jericho Underhill Water District

Minimum free chlorine residual required for 4 Log viral inactivation (mg/l):

Day of Month	Water Production (Gallons/Day)	Disinfection/Chlorination (Free CL, in mg/l)		Fluoride (mg/l)	PO4
		Entry Point Daily Low ¹	Distribution System (When taking coliform sample)	Entry Point	Entry Point
1	41,900	0.05		0.8	1.40
2	41,900	0.02		0.8	1.40
3	41,900	0.03		0.7	1.40
