**Town** Underhill                      **Collected By** M MAHEUX  
**Sample Location** 32 POKER HILL RD  
**Field Sample Number**

**Date Reported** 12/12/2005

Test	Code	Result Description	Method
MMO-MUG	00	Total coliform not detected, E. coli not detected	

Comments:

Registry Comments:

The water sample tested is bacteriologically suitable for drinking (potable). **IMPORTANT:** Bacteriological testing of a single sample of water is only one means of determining the suitability of water for drinking. It is also critical that the water source location, system construction and ongoing maintenance/treatment are adequate to consistently protect against bacterial contamination.

Results relate only to the items tested. This sample was not analyzed for possible chemical contamination.
