The correct number of unknowns is 198. I have attached the notice that was sent to all.

Good afternoon,

Thank you for submitting a Service Line Notification Delivery Certification (SLNDC) form for Jericho Underhill Water [VT0005096].

The SLNDC field "Number of Service Line Addresses Affected" listed on the SLNDC form must match the Service Line Inventory (SLI). The SLI received on 07/11/2024 lists 198 unknown service lines, the SLNDC lists 145 notifications were sent. **Please let DWGPD know which has occurred:**

- If there have been any changes to the number of unknown service lines, please provide the DWGPD with a copy of the system's revised SLI.
- If applicable, please confirm if there is a property owner that owns more than one (1) of these buildings with unknown service lines.
- The 145 entered on the certification is incorrect and should be 198.

**Additionally, please submit a copy of the notification delivered to affected users.**

Best regards,
