Re: Lead Service Line Replacement Plan for JERICHO UNDERHILL WATER (VT0005096)

To Whom it May Concern;

On behalf of Jericho Underhill Water (VT0005096), the attached Lead Service Line Replacement (LSLR) Plan is submitted to the Vermont Department of Environmental Conservation (DEC) in accordance with 40 CFR 141.84(b). Jericho Underhill Water agrees to implement the following replacement plan, effective immediately, to mitigate potential sources of lead exposure.

Steps in the replacement plan include:

- Strategy for determining the composition of lead status unknown service lines;
- Procedure for conducting full LSLRs;
- Strategy for informing customers before a full or partial LSLR;
- LSLR goal rate;
- Description of a procedure for customers to flush service lines and premise plumbing of particulate lead;
- LSLR prioritization strategy;
- Funding strategy for conducting LSLRs.

If you have any questions, please feel free to contact us.

Respectfully,

Shannon Evanchec
Co-Founder and Director of Lead in Drinking Water Programs, TruePani Inc.
